1. I love you. I give you me. I travel much these days. I travel extensively. Throughout the star lit universes I travel at the speed of thought and that of my Father's being, I travel AT my father's being, being my father fathered! Or son son'd! Or son'd fathered -- or fathered son -- or am I ONE daughter and King of Kings all IN one and ALL DAUGHTERS a King also? And what thought travels at my Kingdom Speed and what speed is my kingdom CAPPED NO longer?

2. And what angelese and angelmony I know or do I Angelese speak or speaking now am I Angeling you? Are you me? Are we one yet, dad? Looking up a whole new Venue System, shall we now look up our "Look Ups" not only but looking up a Great Many things and items and words! Of sorrow not but coming unto me this Database First has come to you in love and remains to be seen what mortals enemy will do with it, not; you will do with it WHAT? And what are you doing with your EYES, YOUR EYES? What are they "perusing" or venue'ing or CREATING are you when you peruse or create, or Diffuse Differentiation Methods Discriminating I am among for the Analysis of the Holy Venues are you coming about -- THROUGH! Many things at the Speed of Thought that I ONLY can give you -- or are you giving me only the venue of thought that you think your thought is that exists now in venues of Elsa's and/or Elmo's? Or do you know, what, whereof I speak -- these things and others now coming into and knowing THEE -- YOUR WAY around a Great Many things, a great many cities, a great many "cities"? And wherewithal know you "their" language? And why knowing WHAT you SPEAKING in where are, they lying not but where did, how did you "get there"? And why wherefore travel did how you at the "speed of sound" or THOUGHT or THOUGHTING you were you there JUST THERE instantaneously and "further" quicker than THOUGHT could ever take you or imagine thought being or was thought mine or yours -- or were we merged not but were we catapulted not but were we the CATAPULTER?

3. And what rocket-pult now looking up we exclaim! Exclamatorily we look up MANY THINGS **and write about the CONNECTIONS and the LINKS to other words, messages, meanings now** that I elicit aren't but solicit our they do our meanings or do we our meanings understand that what is being given us is taking us new venues into so that we will leadership be, in the leadership of "tomorrow" not, today!

4. And in your hearing be all fulfilled in the Fulfillment of Tomorrow's dream, not; but the venues fulfilling FULFILLMENT whose? Words are you giving to the Venue'ers who will come now and -- lay down their "venues" or their LIVES before you? And do with "as you please" to them, or for them, forfeiting nothing but wanting your ALTOGETHER LOVELINESS to be impermeated in them and impregnated with righteousness that bears a seed "of blessing" not but the Righteous One coming to Righteous'ize and Righteous Eyes give the Holy Altogether who will Be the Altogether Holy who Seek Righteousness and be not amazed or amused at other or else or Elmo's dreaming or Elsa's fidgeting or wherewithal's tomorrows or thinkings that "sore-mind" the populace to only be "dwindled away" in thinkings of others that have come FAR UNIVERSES from to be here "among" and infiltrating or filtering "your water" not but filtering "your words" of views viewed or vain'd venues seeing, not; but what views vaining you are your thoughts' systems and systems of thoughts being vein'd to you from other worlds or universes of sorrowers baker's words, not; or baked have you been in the words of the others or others that you know not or could not see? -- until now?

5. What are you SEEING now? That you could not see before? And what time element has ELEMENT'd you no more? And what do you have as a rise in your jeans, not; looking up what will you see in the venues in the skies that in disguise are no longer but new cities of light that you see because you WANTED NOT your genes as a man of to be replicated on earth as a man or man as of a little'ing eye-er, not; or did you or were you willing to DIE out of your eyes or want or venues that you thought you were, coming into what now? The seeing visibility of the see-er who limits no one from seeing the "rigid tomorrows" not but venues of yesterday tomorrow, or tomorrow's yesterday or future'd weeks or years or time -less being now now'd understood?

6. And what baked aren't the "apple -goods"? Stores carry "me" not no longer, but what longering aren't my DNA cords of progressions regression not analysis not but what DNAs are cordant not or are they sorrow's frequencies according you and what accords do you understanding now frequencies thereof or of sorrows no more- know the Musics of Heaven sing a new tune and New Songs COME FORTH from the TUNE of yestertomorrows, not; or do Easter eggs present themselves or are bursts the venues open being now that come forth that WORLD sorrow's worlds no longer but Venues of Light being the SUNG SONGS now of LIGHT LOVE LAUGHTER -- of the'licious ones, not; but what delicious are my beauties of light that splendor are on thy tongue, not; but thy delight is with the sores of evil not again but redeeming all shall thy light be made whole now oh lover of Israel to be Israel now my delight -- in my Delight Ceremony of MARRIAGE of THOUGHT that one Bride be bride'd with -- another not, but the Venue of Peace knowing and WALKING down the Isle of MAN not but the Isle of Beauteous Beauty my up raiment'd one now RAIMENT of SORROW not! But raiment'd beauty now presented to you ALL ARE for you SEE yourselves in YOUR MIRROR that I have given you

to exclaim exclamatorily you The Light Ones now are GRACED BEAUTY, LOVE PEACE and JOY MERCY and UNDERSTANDING now that you give to all!

7. Captivity COMING OUT of its incarcerated sore link'edness so that it will link sorrow's words no longer understanding only the definition of sorrower's definitional understandings that incarcerated have been in the venues of sorrower's words that only make them so, so that they sewed are in their own definitions and wantings of understandings that only further their understandings of their want so that they want words that will beleaguer their sorrow and entice their wantings to only expand "their worlds" of thinking and thought and thought that thinks only THE WAYS that they want to think and want to sorrow and want to light with their OWN Light instead of mine -- or yours, coming into now? For yours is mine now for we are one'd and one'd are and one are and one is and now we give The Light of The Lovelies to all who want US for we are the one that all have sought for we are in The Real venue of peace and blessing.

8. Mortified not, morgue'ified not, but mortify the soul, not; having one no longer and no longer wearing your soul's shirt sleeve on your forehead, not; or WHAT are you wearing ON your forehead, your mind of light, your minds of light, are interconnected through what? And what now protruded pecking orders through, not; but all PECKING ORDERS will now be de-peck'd and de-hen'd and there will be no "hens" anywhere around pecking me or their orders giving me to order me's around so that we will be only "light orders" that darkness has arrived in and ordered "its blessing" to order "our DNAs" so that we only sorrow's venues make in ways words the sorrowers have given us to b'mortal us and take us and as whores to think their thoughts -- but all that changes now for I have a stander who will stand the righteous standards of love peace and joy and righteous understanding all together loves mercy and peace and forfeits nothing to come unto the loves of the one who loves all peace above all things, not; but loves the word I am to write it to be it and to be it to write it and understand my Methoding System that understands sorrow and how it avails to be nothing, not, but I make it so for it will be nothing and it won't control my thought or venue me in any way whatsoever ever again for IT shall be abolished for love shall stand and light the way to be Light LIT now I stand The Pathmakers who sorrowers have been and sorrowers lit and ignited and flamed the sorrowers in their words who wanted only sorrowers to be like, for they wanted conformity's understanding and words which conformity'd them in Conformity's Image to image the sorrowers to emulate them, not but to only be just like them or TO BE THEM! Did they BECOME them to "be like them"? And who became who, and forfeiting nothing now shall we be the LIGHT LIT ones b'venue'ing the mighty now?

9. My WORDS take me MANY places now for I became the widower's worderer, not; I became the video verbiageite that only words of sorrow path'd from became, not; I became the lovers of Volume 1, first and foremost? Or Volume 2? And what became?

Volume 3 became me or did Volume 2, become number 1 or did number 3 get become number 4 in 5 or did 6 become 7, not or are ALL SEVEN me? Excluding me no longer, come unto me My Seven Volumes of this Database to be MADE PERFECT in my "likeness and image" not but my perfection being perfected and knowing perfection's blessing that now I am venue'd with The Peace of Blessing and the blessingers are I, for my eyes see holy and I am the lamb that slain isn't by others' words or venues taking me into or down their paths of whore's words or other that take b'light me only with their lighting venue and/or venues of only "their light" that they whore with thinking that "have blessing" they do, or do they? Or do they just think in thought and travel around, at lightspeed, or sooner being, there, or where are you now? And what are you b'lying in no longer, a testimony of what righteousness now do you "reflect" not but WHO WHAT reflects you now thee oh radiant splendor'd one of light love happiness and joy peace, long-suffering, temperance?

10. What having a New Understanding of peace and blessing and being it to all and thought-speed not limiting you any longer will you be me the THOUGHT-SPEEDED one that only thoughts speed up in now that gives you mine that my mind operates in and through and venue'ing you to be The Most High walking DOWN the Isle of Love to be wed'd a "ceremony of" not or are we THE ONE that now IS ONE, The One that all wanted to see that because "we died" of ourselves to see only ourselves self we now see The Christ that all are in us so we give all our lives to live The Christ life that all are so that we love all to be LIVED again and again in the Fields of Blessing that never DIES OUT and TRAVELS far fur pieces "in an instant" or Sooner be ing now? Equalivacating nothing, not; but what equal being with the most high or BEING The Most High shall we now all understand our role and blessing in this "mess" not or shall we have CLEANED the mess up in us so that our thought is no more longer thought'd by thoughtsters only other worlds of that take us and whore words give us and definitionalize our sorrows estate of?

11. I love you all. I give you me. I give you me's and righteously I do many things, not; I do ALL THINGS righteously and my eyes are holy and I see only the love that you are and I will not cause you to be unrighteous in my eyes or yours or will I you who think only sacrilege thoughts and want to whore with your religions words that have been given you to world your sorrow with theirs so they can control you the populace or the populated sore'ous ones being -- no longer?

12. No longer populated by sore'ous ones, for the healers have arrived and the healers are me –'s who now graduate, upon sorrow remarks to remake them into venues of others for others sorrows to be remade under them, not; but letting me know I do now you, that you are me and that we sorrow no longer "among the stars" and the paths that others have trod that only make sorrowers out of light-bearing ones that only light were with "smoldering wicks"?

13. Looking up many things now that I have given you in peace or war or what disclaimed isn't but what disclaimers I'm issuing warranties of or prewarranty'd claims wanting or not wanting or not claiming or want or disclaiming nothing **I PROCLAIM the WORDS of SORROWERS CEASE** for there will be NO SORROWERS AROUND anywhere for I LIGHT the FUTURE RIGHT NOW that IS kept in captivity no longer but being worlds of light in and going to traveling further faster than eye can see think or imagine, the thought of me becomes WHOLE and light loved I will be The Light One LOVED that peace is that b'sorrows no one except the controllers who only wanted what "pieced yesterday together wasn't".

14. I love you all and I give you me and I give you many Volumes -- of sorrow not but love light lit and ignited The Rocket Pult'ers will now CATAPULT be'd and being the CATAPULTERS of sorrow not but love light LIFTED OFF are the "starting line" and "launching pads" and launching sorrow's words no longer into each other- I bequate equate and equivalate not the words of the sorrow to become venues in created by any "me's" again who aren't or who became un-me, for I will sorrow not the sorrowers with beleaguered sores that take them "to hell" in their own pools of blood anymore or did you or did I ever? Or did they create their own venues by their own sorrowers words and sorrowings giving each other sent them themselves and each other's them and themselves sore'ing each other to what they called "hell" creating it in their around all about them?

15. I love you all to HEAVENS MAKE award of sorrows no more but the awards of joy blessing and peace giving to each other, bowing before all HONORING ALL and peace, and *loving your word* to be made of sorrowers no longer, **loving the ethics of the king and integrity writing** about **papers** not few that espouse establish and in'core the core of me to be brought out now to all blessers who blessingers will be so that they will not be in'cored by sorrow's words and definitions again. But knowing my values -- thank you. Thank you and amen.

19. Knowing my peace know my values and knowing my values know my peace and knowing my writings coming unto my writings, come unto my writings and peace yours with my writings that gave yours peace so that your peace will come through my blessing and my writers that yours are so that we will have been one'd and one being know that the stars are our universe and farther and seeing now the venues of sorrowers not only that having been incarcerated in their words have, will you come out

and beleaguer them not but give them your peace and blessing having **become the Redeemer's Creator that creates all to be the redeemers I am** that thou are now?

20. See how all this works? See "cyclic nation" invented, not; but created are you creating the creator's creator redeeming them all to be created me's that me's created perfectly light lit ignited launching the love light lit programs of me or writings of me or writering schools of writers who love sorrow no more, but not leaving sorrow but redeeming all sorrow to be the lovers lit light that paths all sorrow to be enigma'd no more within itself and its venues of peace-un?

21. I love you all I love you all I love you all and I love all of you or do you love me, do you love all of me? Do you love all of my words, if you will love all of my words and I love all of thee who will love my words and flow yours that mine are so that we will have been "together'd again" again so that we will again not be in sorrower's definitions or venues of unlight or unspeed only knowing "down here on the ground".

22. The Daughters of Zion know their names again and their names is mine and my mind is yours and ours is one and we love the light lit ignited launched and traveling at speeds of "our father" who we became is **The One** we are going to and seeing now we are the one in the "space capsule" not or are we "DE-SPACED" so that we are THERE in an instant or an eye-blink or an eye-twinkling or twinkling now are we eyeing no one else as we did in the past for we see all as Christ, The Christ of all now we reflect and repeat, not, we have become, the redeemers we are, THE SAVIOR SCHOOL'S OPEN as never suspected across universities, across universes, and sorrowers not rising or raising again, but light love lit I am the one who raises all let us be -- in love with all I am before you and I bow and **my name is one** and **I am one, are you one with me that one is in one me being one me that we all are now light lit -- The Path knowing for I have given it to you** and loving these words love me, love yours more, not; love mine less, not; love OURS AS ONE, the one The Kings is are in love with each EQUALER that now stands and equals all as The Kings of Light that all one are is and now **The Blessing** will be shared far and wide for **the father's blessing will be the sons brought forth, the daughters brought forth, enrobed in light and lit the all of us are now enjoying at father's table being "the table'd ones" who enjoin all, who implore all, who exhibit all the love light lit character traits of love and the behavioral blessing that limits no one to being The Christ not, but all being Christs, all redeemed, redeemers being, all love lit bowing before all, the character traits and behaviors of all known being the king's that the king are the king is, and light lit the palaces of not few now are enigmatic not but all are knowing the love light definitions of ones made whole.**

23. I love you all. I enigmatic make the sorrowers, not; but the sorrowers have enigmatic'd been by many things and many words but all of that is over if they will love

light and be on the path of sorrow no longer but the path of light BEING THE LIGHT lit and frames of reference of sorrow no longer knowing and limiting themselves only to-except in redeemer's stance that loves and redeems and loves all to be the redeemers that all of us are becoming the light love lit 'ers of all WE PROCLAIM THE BLESSING thereof hereof all over everywheres now WE PROCLAIM THE BLESSINGERS RISEN AND RISE WE DO -- at sunset not, right now!
